

Before We Disappear (13F1)

Arianna Ippoliti, dir. and Youssef Mokhtar, prod.

Shoots between Nov 7-15 (1 filming day, TBD) from 6am-12am (12-hour shoot, TBD)

Casting call ends October 25th

In this psychological drama, Lexi and Rory argue over something as simple as sharing a bag of popcorn. As their conversation unfolds, it becomes clear that they have been growing apart. In the end, Lexi takes initiative to communicate with Rory. In an attempt to fix their relationship; they reconnect. The film explores how communication can help reconnect couples by facing their problems instead of avoiding them.

Roles available:

- LEXI: Female lead, age ranges 19-23, any ethnicity. Lexi is emotionally expressive and observant, often showing her frustration and disconnection through her facial expressions and body language. She cares deeply about her relationship with Rory but struggles to communicate how she feels.
- RORY: Male lead, age ranges 19-23, any ethnicity. Rory is quiet and somewhat reserved, struggling to express his feelings and connect with Lexi. Although he has become distant in their relationship, he is willing to listen and work toward better communication.
